## K - 2 After-School Enrichment Program

104 Mount Horeb Road - Warren, NJ 07059  
mountaintopschool.org - 732.356.8777

## Rationale:

Kindergarten through second grade students must be exposed to experiences beyond the regular curriculum that challenge their minds. These programs will encourage students to explore new worlds and dimensions through activities involving movement, creativity and self-expression. Many activities are performed in cooperative learning teams, which are designed to promote interdependence.

### Monday • 4:00 - 5:00

#### Amazing Athletes Warriors

The Amazing Warriors program introduces children to various athletics through non-competitive, skill-based games. Children will enjoy physical activities and learn about sports without the heavy pressure to perform that often comes from organized athletics.

#### Session 3

January 9, 16, 23, 30, February 6, 13, 20, 27

#### Session 4

March 6, 13, 20, 27, April 3, 24, May 1

### Tuesday • 4:00 - 5:00

#### Cooking With Science

We will be cooking and baking! Children will whip up some recipes, while learning the science behind chemical reactions and how things work. Through experimentation and questioning, children gain a deeper understanding of how things work, what our senses are used for, and what you can learn with simple materials. Students will learn about kitchen safety and different techniques used in cooking. Our goal is for children to gain self esteem, enhance their creativity, and explore cause and effect while creating delicious and nutritious dishes. Whether your child is a master or a kitchen novice this class is sure to suit their tastes! (All recipes are nut free.)

#### Session 3

January 3, 10, 17, 24, 31, February 7, 14, 21

#### Session 4

February 28, March 7, 14, 21, 22, 28, April 4, 18

### Wednesday • 4:00 - 5:00

#### Bricks 4 Kidz

In this hands-on class, students design and construct new models each week based on exciting themes from space to sports, amusement parks to animals. Students build unique creations and have loads of fun using LEGO bricks with a curriculum based on math, science, physics, engineering, and social studies. Children will develop an appreciation for how things work, while fostering teamwork and unleashing their creativity.

#### Session 3

January 4, 11, 18, 25, February 1, 8, 15, 22

#### Session 4

March 1, 8, 15, 22, 29, April 5, 19, 26

### Thursday • 4:00 - 5:00

#### Wee Little Arts

Led by professional artists, this ground-breaking visual arts program is dedicated to engaging and empowering children through their discovery process. Wee Little Arts fosters creativity in students and encourages the development of critical thinking and fine motor skills. All lessons are reinforced with art history and age-appropriate children's literature. Students will create frame worthy masterpieces!

#### Session 3

January 5, 12, 19, 26, February 2, 19, 16, 23

#### Session 4

March 2, 9, 16, 23, 30, April 6, 20, 27

### Thursday • 5:00 - 6:00

#### Magesh Chess

Calling all kings, queens, knights, and bishops! Chess helps develop critical reasoning skills, improves academic performance and builds sportsmanship, self-confidence, and discipline. Each class includes a fun mix of more formal instruction, practical exercises, and playing opportunities. All skill levels are welcome.

#### Session 3

January 5, 12, 19, 26, February 2, 19, 16, 23

#### Session 4

March 2, 9, 16, 23, 30, April 6, 20, 27
